Step into a thoughtfully designed home that brings together style, function, and everyday comfort across more than 2,800 sq. ft. of living space. The main floor opens with a dedicated study just off the foyer, enhanced with recessed lighting for a bright, productive workspace. The family room features upgraded windows and a gas fireplace, creating a warm focal point that flows naturally into the upgraded kitchen and breakfast area. The kitchen offers a clean, modern look with an island, quartz countertops, tile backsplash, upgraded cabinetry, stainless steel appliances, and recessed lighting. A mudroom with a built-in mudbench adds convenience right off the garage entry. Engineered vinyl plank flooring extends throughout the main living areas for a cohesive, durable finish. Upstairs, a spacious loft with a tray ceiling and recessed lighting provides an additional gathering area. The primary suite includes recessed lighting and a well-appointed bath with a double-bowl vanity, slipper-style soaking tub, and a tile shower with a built-in seat. Three additional bedrooms, a full hall bath, and a centrally located laundry room complete the second floor. A three-piece rough-in in the basement offers future finishing potential, giving you room to grow as your needs evolve.
